Stanley, Lillian Mae Crawford, Miss Clemens, Frank Whitman, Laura Lacey, Fred Little, Frank Robinson, and still retained, and the company reinforced by the addition of Grace and Victor Lambert, Nell McManama, Lonnie Deane, and Sam and Orbera. HORRIBLE DEATH.

"Aunt" Nancy Wilson Struck by C. and O. Train No. 2 Saturday Afternoon.

"Aunt" Nancy Wilson, aged about 74 years, was struck and instantly killed Saturday afternoon by C. and O. train No. 2 at the Sandhill crossing about two and one-half miles west of Maysville.

The Engineer of the train heard his warning whistle for the crossing and did not see any one at the time, but when within a short distance of the crossing was horrified to see the old lady near directly in front of the train.

She had two suitcases and a parcel in her hands when the engine hit her.

Almost every bone in her body was broken. She resided in Wilson's Bottoms and was a widow, her husband having died several years ago.

Mrs. Wilson was an aunt of Mr. W. E. McKelup of this city.

NEWS OF CONFERENCE.

No Decision Reached in the Case of Rev. John Reeves.

REV. SHOENITH EXONERATED.

Saturday was the fourth day of the M. E. Conference at Carlisle.

The Committee to investigate the irregularities against the Rev. William Shoemith of the Louisville Orphans Home completely exonerated him.

The Committee on the case of the Rev. John Reeves spent Saturday in Flemingsburg. They have witnesses sufficient to convict or acquit now before them.

The Rev. C. A. Incey, George R. Hays and B. F. Chatham were received into full connection, and the Bishop's address to the class was a superior one. He told them he dedicated them to hard work, short pay and many hardships, and the scene was the most affecting the oldest members of the Conference ever witnessed on a similar occasion.

The appointments will be announced today. The Host-Grievance matter was all laid, but the Rev. Grinstead, it is said, has asked that he be removed from Millersburg station.

Only by the intervention of color heads was C. C. Fisher of the Millersburg Female College saved from violence in that city Saturday evening for his stand in the East-Grinstead affair.

All in all, this has thus far been a sensational Conference meeting.

HAS SECURED COUNSEL.

The Rev. John Reeves May Take His Case to the Court for Judgment.

FLEMINGSBURG, Ky., September 23.—Fourteen preachers, composing the jury before which the Rev. John Reeves is being tried at Carlisle, visited the place today and remained in session several hours, making their decision. Every thing was done in secret, but the air is filled with rumors regarding what took place. One or two leading actors here have been employed by the Rev. Reeves, and unless the charges against him are fully substantiated a big law suit is expected. The mandamus with which he is charged is alleged to have occurred here and involves a woman whose name has never yet been made public, but which inevitably follow if the case gets into Court, Dr. T. Maxwell, who made the charges, is a wealthy and prominent farmer of Fleming county and an active Church worker. Mr. Reeves lived here for some years and was always considered one of the brightest and best Ministers in the Church.

THREE BROTHERS DEAD.

They Were Overcome by Paul Air While Cleaning Out An Old Well.

Late Saturday afternoon three brothers, James, Henry and William Campbell, residing near Kenned, this county, were overcome by foul air in an old abandoned well and died. The well was 35 feet deep and had not been used for some time.

It was badly in need of cleaning out, and they set to work to do the job.

James was lowered to the bottom, and he had not been there very long until he called for help, and the two other brothers went down to help him, when all three were overcome by the foul gases.

Their bodies were removed and were buried yesterday afternoon.

They were nephews of Mrs. Charles Paul of the Fifth Ward.

NOT KIDNAPED.

The Two Children Reported Stolen Were in Maysville Saturday.

The Cincinnati papers Saturday afternoon contained a telegram from Maysville to the Chief of Police of Cincinnati directing him to go to the steamer Lefford and arrest Ray Kelly, who had in his possession two children who had stolen from this city, the telegram being signed by Ellen Rogers.

Investigation revealed the fact that the two children had left the Rogers home, which is on Short street, with the Kelley woman for the boat, and after the steamer left they went to the Cemetery, where they spent the afternoon.

One was Doc Alexander's daughter and the other was Lucinda Kelley.

The Rogers woman said she thought the Kelley woman had stolen the children, hence the telegram to Chief Deitch.

GRAND ARMY MEN

The Thirty-third Annual Encampment opens in the Quaker City Monday.

YETS MET WITH CORDIAL GREETING.

Adm. Sampson, With His Fleet of Fighting Vessels, Arrived Sunday and Will Take Part.

The Avenue of Fame, Which Extends for Five Blocks, Is the Most Magnificent Piece of Decoration Ever Attempted in Philadelphia.

PHILADELPHIA, Sept. 4.—The thirty-third annual encampment of the Grand Army of the Republic has opened here today. The vanguard of the veterans has reached this city and found the people with outstretched hands. Never again, perhaps, will Philadelphia witness the scene of a national encampment of this kind. It is the first time since the war that the cause of the union has remained so prominent, and with the depiction of the ranks the sentiment is the more heartfelt and enthusiastic.

Adm. Sampson, with his fleet of fighting ships, arrived here Sunday, and this event marks the beginning of the week's celebration.

The city is crowded with strangers, while the incoming trains from all sections are bringing thousands upon thousands to help swell the throng. In anticipation of the coming of the host of veterans and in recognition of the patriotism of the veterans who freely offered their lives in defense of the union Mayor Ashbridge issued a proclamation in which he recommended the events to the "loyal and patriotic" interest of the people, urging the decoration of stores and dwellings in every street in the city. The city has borne its share of the work and the citizens of Philadelphia by contributions of cash and in welcoming banners have shown their interest in the reunion.

The route of the veterans' parade, which takes place on Tuesday, is on a solid blaze of color and light. Not a building but has its front incased in the red, white and blue. The avenue of fame, which extends from Walnut to Cherry street, is broad, a distance of a national encampment of this kind. It is the first time since the war that the cause of the union has remained so prominent, and with the depiction of the ranks the sentiment is the more heartfelt and enthusiastic.

GLUM PICTURE.

Business in Johannesburg is Paralyzed and Prices of Breadstuffs Rapidly Rising.

ONE-HALF THE HOUSES ARE EMPTY.

Another Portent of Terrible Suspense Is Likely to Result in a Complete Commercial Collapse.

Hunger and Starvation Is Starving the People in the Free-Transvaal Government Will No Doubt Reject Chamberlain's Last Proposal.

LONDON, Sept. 4.—The Johannesburg correspondent of the Daily Mail, who paints a gloomy and pitiable picture of the condition of things there, says:

"It is almost a case of absolute exodus and panic. Business is paralyzed, the prices of foodstuffs are rapidly rising, half the houses are empty and the others are tenanted by people who do not pay rent, the landlords being glad enough to have them at occupants in order to insure some sort of protection to the property."

"The tension has reached the snapping point. Hunger and starvation are staring the people in the face. Another fortnight of suspense will result in a complete commercial collapse. The banks are thronged with people anxious to withdraw their gold, and the railways are besieged by those who wish to get away."

The Cape Town correspondent of the Daily Mail says: The Transvaal authorities are forwarding huge quantities of maize to Johannesburg from Pretoria to Bloemfontein. On Friday 1,500,000 rounds arrived at the Orange Free state capital.

All the special dispatches to the London morning papers from South Africa indicate that the correspondents have got the impression that the reply of the Transvaal government to Mr. Chamberlain's latest note will be the impertinent rejection of the suggested conference at Cape Town and a threat to withdraw the five-year franchise offer.

The correspondent of the Times at Newcastle, N. M., writes: The belief of its Johannesburg correspondent, Mr. Mueneyne, that aggressive action is imminent.

A special dispatch from Johannesburg says it is understood that the charges against Mr. Pakenam, editor of the Transvaal Leader, who was arrested on Saturday, will be reduced from sedition to contravention of the press laws.

DEAD IN THE WOODS.

Remains of a Cincinnati Man Found Near M. Louis-Dong, Had Torn the Flesh From the Face.

St. LOUIS, Sept. 4.—The body of a man supposed to be L. I. Applegate, of Cincinnati, was found in the woods near Highland, St. Louis county, Sunday. It was badly decomposed and had probably been lying where found for the past week. A half empty bottle of morphine seemed to indicate that Applegate had committed suicide. The deceased, who had been at work with a local typewriter company, has a mother in Cincinnati. The body was identified through papers found in the clothing.

Boys had torn the flesh from the face of the dead man until it was unrecognizable. Both arms had also been torn from the body and lay several feet away.

Farrell was placed under arrest after a long chase and a desperate fight, in which he made further efforts to do murder. A mob of several thousand people gathered after the shooting and made determined effort to lynch the Italian.

SHORT OPERATIONS.

Filipinos Trying Every Scheme to Get Food and Ammunition From Manila.

ARE USING HOMEMADE BLACK POWDER.

A Force of Native Police Has Begun to Patrol Manila, Co-Operating With the Provost Guard.

They Are Doing Excellent Service in Running Down the Native Criminals—the Kansas Regiment Called for Home Sunday.

MANILA, Sept. 4.—Many Spanish prisoners are escaping from the Filipinos and bringing out the American lines stories of hard treatment. They agree that the Filipinos are exceedingly short of rations, and that a large section of their troops is reduced to the use of homemade black powder. The natives are trying every scheme to get food and munitions from Manila. Daily arrests are made for attempts to smuggle contraband of war through the American lines. In one case a cargo of bamboo poles was overhauled, and the poles were found full of rice.

The insurgents have a wholesale respect for the British, on account of several threats of British warships to bombard their towns unless the rights of British subjects are respected. Two British vessels, the Lacon and the Nero, were driven by stress of weather into the harbor of Dagupan, the northern terminus of the Dagupan railway. The crews were imprisoned, but on their protests that they were British subjects the insurgents permitted one man named Edwards to come to Manila, promising to release the crew of the Lacon if Edwards secured from the British consul at Manila a statement establishing the nationality of the crew. A similar concession was made to the crew of the Nero.

Edwards says he saw several American prisoners who were better fed than the Filipinos, and that the suggested conference at Cape Town and a threat to withdraw the five-year franchise offer.

The correspondent of the Times at Newcastle, N. M., writes: The belief of its Johannesburg correspondent, Mr. Mueneyne, that aggressive action is imminent.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer "Cassell's Kidney and Bladder Pills." It contains no narcotic, and in any form may be given as confidently to the baby as to an adult. The great success that has attended its use in the treatment of croup and croup has won for it the approval and praise of the best medical authorities. It has been used in many foreign lands. For sale by James Wood & Son, Mayville.

Bakers' Bread.

The bakers' bread of today is not the bakers' bread of twenty years ago. Science and study has developed this food product more than any other manufactured article of consumption. The F. H. Traxel Company of this city is now the leading bread bakers of this section, simply because they have given study and close attention for years to making bread that will please the public. Even now there is an impression that prevails among the few that bakers' bread is unwholesome and unfit for family use. We will admit that there are many bakers who make their bread the same as their forefathers did years ago, and hence this impression is justifiable to those who never had an opportunity to get bread made by modern processes and by bakers who thoroughly understand how to make bread that will be praised for its merits. The F. H. Traxel Co. has done its share to supply this section, enabling people to get bread that will meet with every requirement. We make the assertion that this bread will meet with every requirement because we have evidence of it, and the evidence is the increasing demand wherever sold.
